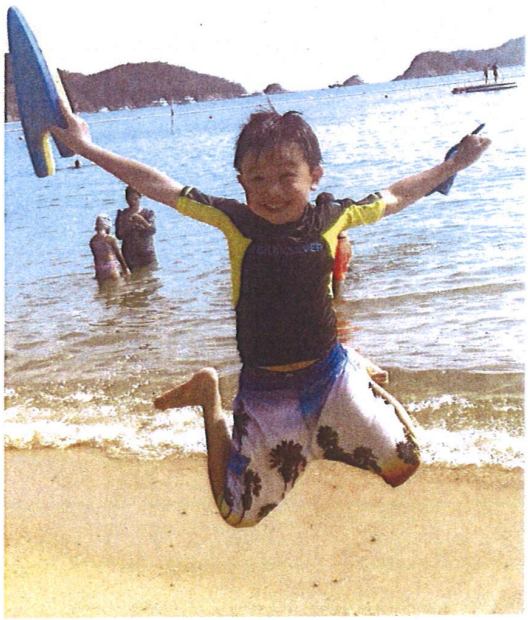
Repulse bay

Last week dad, mum, my little brother, dad's friend, Mum's friend's daughter and I went to Repulse Bay.

It was a marvellous day because I bumped to my classmate. I went on a banana boat and best of all we had a big picnic on the beach.

I rode on the banana boat. That was so fun ~~that~~ as My dad flicked me and the boat over and I went under water. My mum took a lot of pictures of


us doing anything and everyting.
I had a great time
with my mum as we ate
all sorts of snacks like chips
and biscuits. And we spetnt
a little bit of time on
the sand while she talked
with me.
